Japan Expo 10th Impact !

CLAMP STUDIO TO BE GUEST OF HONOR

In partnership with Kaze and Pika

This year Japan Expo celebrates its ten years from the 2th to the 5th July in Paris-Nord Villepinte Exhibition Center. And an exceptional edition means exceptional guests!

We are glad to announce that our guest of honor is this year the famous Japanese CLAMP studio. Composed of four Manga Artists from Osaka and Kyôto, CLAMP has been worshipped as a cult group since their debut with *RG Veda* 20 years ago!

Atypical quartet, CLAMP is formed by **Satsuki Igarashi**, **Nanase Ôkawa**, **Tsubaki Nekoi** and by **Mokona**. They produced many successful series like *X*, *Card Captor Sakura*, *Chobits*, *XXX HOLiC*, *Tsubasa RESERVoIR* *CHRoNiCLE* and many more.

They chose Japan Expo for their very first visit in France and Europe; it is thus an event to welcome them for **exclusive public conference and signing sessions** to celebrate their 20 years of carrier.

The public is also invited to participate to a great **CLAMP Cosplay Contest** organized for their coming. And exceptionally the CLAMP studio itself will choose the winners!

With the coming of CLAMP for Japan Expo 10th anniversary, the festival is already announced as an inescapable event!

See you soon in Japan Expo!
